

Matthew's genealogy is the first of the four Gospels. It is the only one that begins with a genealogy. It is the only one that begins with a list of names. It is the only one that begins with a list of names that goes back to Abraham. It is the only one that begins with a list of names that goes back to David. It is the only one that begins with a list of names that goes back to Adam. It is the only one that begins with a list of names that goes back to God.

WHY ARE MATTHEW'S & LUKE'S GENEALOGIES OF JESUS DIFFERENT?

Matthew's genealogy is the first of the four Gospels. It is the only one that begins with a genealogy. It is the only one that begins with a list of names. It is the only one that begins with a list of names that goes back to Abraham. It is the only one that begins with a list of names that goes back to David. It is the only one that begins with a list of names that goes back to Adam. It is the only one that begins with a list of names that goes back to God.

Matthew's genealogy is the first of the four Gospels. It is the only one that begins with a genealogy. It is the only one that begins with a list of names. It is the only one that begins with a list of names that goes back to Abraham. It is the only one that begins with a list of names that goes back to David. It is the only one that begins with a list of names that goes back to Adam. It is the only one that begins with a list of names that goes back to God.
