

Far eschatological: Hosea 14:4 paraphrased: **I will** restore **her** dwelling place **of living for God** and heal **her apostasy**; **I will love her freely**, for **My anger has turned away (from shuwb) from her**.

The LORD promises to heal **her apostasy**, in other words, all the hurt and pain that **her spiritual adultery** caused **Him**, and to love **her** with perfect spontaneity since **His anger** had **been turned away from her**.
