The Practical Section
3:14 to 6:24

All knowledge may be divided into two categories: pure or theoretical knowledge and applied or practical knowledge. In most of **his** letters, **Paul** begins with pure doctrinal knowledge and ends with applied or practical knowledge. In **Rabbi Sha'ul's** letter to the **Ephesians**, from **Chapter 1 verse 1** to **Chapter 3 verse 13, the apostle** deals with doctrine (the calling of the Church), and from **Chapter 3 verse 14** to **Chapter 6 verse 24, he** deals with the application of those doctrines (the conduct of the Church).
