## Bibliography

There is a sense in which everyone who writes a commentary on any book of the Bible climbs on the shoulders of previous commentators. The book of **Numbers** has been especially well served, not only with commentaries, but scholarly research. The resulting literature amounts to a mini-library. At any rate, I would like to thank the contributing authors below.

**Cohen, Aaron, *Proverbs*, The Soncino Press, London, 1947.**

Freeman, James, *The Manners and Customs of the Bible*, Whitaker House, New Kensington, Pennsylvania, 1996.
