## The Reign of a Righteous King

### 32: 1-20

**Isaiah** now contrasts the righteous **King Messiah**, during **His** thousand year reign in **the far eschatological future**, to the corrupt leadership of **his** own day. **He** expands his theme on what will happen during **Isra'el's** restoration. Because **ADONAI** would protect **Jerusalem**, **He** will also bring about a time when righteousness will flourish. Here then, **Isaiah** speaks about the reign of a righteous **King, Yeshua Messiah** (see **Psalms 72**).
