The Renewal of the Nation of Isra'el 32:1 to 34:35 and 39:32 to 40:48

The second half of the book of **Exodus** is made up of three sections. To make things easier to understand, we have arranged the material thematically. First, we dealt with **the Tabernacle (25:1 to 27:21, 30:1 to 31:18 and finally 35:1 to 38:31)**. Then, we studied **the Priesthood (28:1 to 29:46 and 39:1-3)**. Finally, we will learn about Israel's first major violation (there is much more to come, just read the Prophets) of **God's** covenant at Mount Sinai and about what happened as a result (**32:1 to 34:35**). The book of **Exodus** then ends with a majestic description of how the finished **Tabernacle** was dedicated (**39:32 to 40:38**). Since both the golden calf incident and the dedication of **the Tabernacle** fall under the general heading of **renewal**, we have grouped them together to form the final part of this devotional commentary. We hope the way the book has been organized has been helpful to your understanding.
