Notas Finales

Hay tres tipos de notas finales.

Primero, cuando se cita una idea o concepto desconocido. Esto se hace principalmente en el ámbito académico, y este no es un comentario estrictamente académico, pero las incluí para ser exhaustivo.

Segundo, se reformula una sección escrita por otro autor.

Y tercero, se cita directamente.

He incluido los tres tipos de notas finales para ser más detallado. La mayoría de los autores no los incluyen. Si **la Vida de Cristo** se encuadernara como libro, tendría 1.600 páginas con 700.000 palabras, o un conjunto de tres libros con 533 páginas cada uno. Esto da un promedio muy razonable de aproximadamente una referencia por página.
